**North Point Senior Secondary Boarding School | Kolkata, India**

**12th | Percentage : 73%**

**10th | Percentage : 84%**

## TECHNICAL SKILLS

---

**Programming Languages:** Frontend (HTML, Css, javaScript), Python, Java, C, MySQL

**Tools and Technologies:** Android studio, Google Colab, Github, Firebase, Google Analytics.

**Other Skills:** Blender 3D, Davinci Resolve, Premiere pro, Photoshop, Figma, Swimming, Badminton, Volleyball.

## PROJECTS

---

**Portfolio Website | Personal Project**

Worked on my [Portfolio website](#) during the lockdown (2020), which led to a better understanding of frontend languages (HTML, Css, JavaScript), I got to learn how to use Git and Github, hosting servers (Firebase) and Google analytics.

- Used **JavaScript** to enhance the user experience, implemented Chat Box, and welcome screen.
- Utilized media query in Css to make my website responsive to all screen sizes.

## PROFESSIONAL EXPERIENCE

---

**Freelance at xToadz (Virtual) | Chicago, IL, US**

**August 2022- July 2023**

Worked as a freelance Graphic Designer, Video editor, Animator, and 3D character and animation creator at **xToadz**, Chicago based Blockchain Game studio company.

- worked in tight deadlines, which gave me a lot of experience on communicating and handling the client.
- Reviewed designs of other designers before it was sent to the marketing teams for advertisements.

## VOLUNTEER EXPERIENCE

---

**Stage and Artist Management| Zomaland by Zomato live**

**February 2023 & 2024**

- Was an assistant stage manager, fulfilling the needs of the artists, and making the event to be performed smoothly and hassle free.
- Directed stage operations and back stage, guaranteeing optimal sound check, food and beverages for artists, and any additional need of the artists was fulfilled by me.

**Ocean Conservation Volunteer| Tajpur, Contai**

**December 2023**

- Led a group in beach cleanup initiatives at Tajpur Beach, fostering community engagement and promoting environmental responsibility.
- Contributed to marine debris removal and coastal ecosystem restoration, advocating for ocean conservation and sustainable practices.
- Raised an awareness about cleanliness of the beach and tourism to the local people of the Contai by interacting with them.
