Programming Languages: Java, Python, C, Frontend (HTML, Css), MySQL
Tools and Technologies: Android studio, Google Colab, Github, Firebase, Google Analytics, Oracle
Other Skills: Blender 3D, Davinci Resolve, Premiere pro, Photoshop, Figma, Swimming, Badminton, Volleyball.

PROJECTS

Portfolio Website | **Personal Project**   **2020**
I worked on my portfolio website (https://https://sshivam-me.web.app/) during the lockdown (2022), which led to a better understanding of frontend languages (HTML, Css, JavaScript), I got to learn how to use Git and Github, hosting servers (Firebase) and Google analytics.
- Used **JavaScript** to create a pop-up contact form.
- Utilized media query in Css to make my website responsive to all screen sizes.

PROFESSIONAL EXPERIENCE

Freelance at xToadz (Virtual) | **Chicago, IL, US**   **August 2022- July 2024**
Worked as a freelance Graphic Designer, Video editor, Animator, and 3D character and animation creator at **xToadz**, Chicago based Blockchain Game studio company.
- worked in tight deadlines, which gave me a lot of experience on communicating and handling the client.
- Reviewed designs of other designers before it was sent to the marketing teams for advertisements.
- Used Photoshop, Blender 3D, Davinci Resolve and Figma to achieve the needs of the client.

VOLUNTEER EXPERIENCE

Stage and Artist Management | **Zomaland by Zomato live**   **February 2023 & 2024**
- Was a medium between the artists and the event venue. fulfilling the need of the artists, and making the event to be performed smoothly and hassle free.
- Directed stage operations and back stage, guaranteeing optimal sound check, food and beverages for artists, and any additional need of the artists was fulfilled by me.

Ocean Conservation Volunteer | **Tajpur, Contai**   **December 2023**
- Led a group in beach cleanup initiatives at Tajpur Beach, fostering community engagement and promoting environmental responsibility.
- Contributed to marine debris removal and coastal ecosystem restoration, advocating for ocean conservation and sustainable practices.
- Raised an awareness about cleanliness of the beach and tourism to the local people of the Contai by interacting with them.
